

Tablecloth Sizing

HOW TO CHOOSE THE RIGHT SIZE LINEN

Figure out what size tablecloth you need for your wedding or event!

An easy rule of thumb for floor length linens is:
 $(\text{Height} \times 2) + \text{Tabletop Size} = \text{Tablecloth Size}$

	Standard Height 30 inches						Cocktail Height 42 inches		
1. What size is your tabletop?									
									
	Seats 4	Seats 6	Seats 8 -10	Seats 10-12	Seats 6-8 <small>(8 seats with on ends)</small>	Seats 8 -10 <small>(10 with seats on ends)</small>			
2. What size tablecloth do you need?									
<div>Lap Length <small>(approx. 12" overhang)</small> </div>	n/a	n/a	90" round	108" round	60 x 120	60 x 120	(these sizes are only approximate, as standard tablecloths are sized for standard height tables) ↓		
<div>Floor Length <small>(30" overhang)</small> </div>	90" round	108" round	120" round	132" round	90 x 132	90 x 156	108" round	120" round	120" round
<div>Pooling Length <small>(36"+ overhang)</small> </div>	108" round	120" round	132" round	n/a	n/a	n/a	120" round	132" round	132" round

Table and tablecloth sizes are standard across the event industry. Where it says n/a, there isn't an industry standard for that size table and overhang, though some companies may carry non-standard tablecloths.
